The first collaboration between MENU and Hamburg-born designer, Alexa Lixfeld. The studio engages in designing extraordinary items and in her own words, they strive to “build an economy of the special.” Circular Bowl is a great example of her work and how she manages to turn something as simple as a bowl into something quite spectacular. Use it for egg-smashing, dough-making, spectacular salads, pretty fruits, still life displays or just as it is – a distinct and decorative piece. Alexa Lixfeld has won many awards for her designs and productive achievements.
