Ocean

Packaging Type

Gift Box

Packaging Measurement (H * W * D)

12,3 cm * 19,8 cm * 20 cm

Care Instructions

Normal dishwasher liquid can be used.
Do not use any cleaners with chemicals or harsh abrasives.

New Norm Dinnerware is manufactured at a state-of-the-art factory specializing in porcelain for restaurants and hotels. Each piece is burned twice at 1,400 degrees for maximum strength and exceptional long-lasting durability. The dinnerware is finished with a special glaze that gives the porcelain its elegant, watercolour-like texture.

About the Designer

Founded in Copenhagen in 2008 by Jonas Bjerre-Poulsen and Kasper Rønn, Norm Architects specialise in residential architecture, commercial interiors, industrial design, photography and art direction. Today, the group regularly collaborates with MENU, helping to drive the evolution of the brand and its product offerings. Norm Architects' name reflects the group's emphasis on the importance of drawing inspiration from norms and traditions within architecture and design – particularly the Scandinavian design principles of timeless aesthetics and natural materials, and the modernist values of restraint and refinement. Guided by these principles, Norm Architects produce design that unites good materials and craftsmanship, while embodying beauty, traditions, history and, most importantly, timeless simplicity, where there is nothing more to add or take away.
