The Septembre Coffee Table makes an elegant addition to the sofa series, which is now also available with a marble top. Crafted using a warm grey, Portuguese marble stone called Ataija Azul, the table's softer, curvaceous shape has been uniquely constructed with its upper part sinking into the deeper structure of the table rather than resting on top of its legs. Making a confident statement with its contrasting materials and unorthodox take on the traditional table, Septembre Table adds a touch of timeless sophistication and slick polish to the interior.

About the Designer

Theresa Rand focuses on natural, high quality materials, designing functional furniture with a sense of poetry. Born in Germany, she graduated in 2013 from The Royal Danish Academy of Arts. As a student in Copenhagen, she fell in love with the city and Danish furniture design: "My plan was to go to Berlin after my studies, but I find Copenhagen very inspiring, so I stayed." Swiftly establishing a reputation as a design talent to watch, Theresa makes practical furniture to be used every day with soul: "I think I design in quite a 'German' way. I am very pragmatic, but I also think it's important that the objects that we surround ourselves with have warmth and poetry."
